PROSPECTS BRIGHT

Congress Taking Favorable Notice of
Alaska-Yukon-Pacific Fair.

SEATTLE, Feb. 10.—The work on
the grounds and buildings of the Al-
aska-Yukon-Pacific Exposition goes
on without interruption. The Manu-
factures building will soon be ready
for the placing of the big roof, while
the Agriculture building is rapidly
taking shape. The Auditorium, Ma-
chinery and Fine Art buildings, per-
manent structures, will soon be under
way, as likewise will the Mines and
Fisheries buildings.

The exposition is gaining many
more friends in congress. A favor-
able hearing was had recently in the
house committee on industrial ex-
positions, at which many prominent
men appeared in behalf of the 1909
fair. Among them was Secretary Taft
who is in favor of a liberal appropri-
ation for government participation.
The committee in the senate has re-
ported the exposition bill favorably.
The exposition measure as it now
stands makes an appropriation of
\$700,000. Of this amount \$300,000 is
for buildings and \$400,000 for ex-
hibits. The exposition management
has assurance that the bill will pass
sometime in the near future.

The entire west is standing back
of the exposition with its support.
The following editorial in the Port-
land Oregonian adequately expresses
the sentiment felt in the western
states in regard to government par-
ticipation:

"In all of the reports coming from
Washington, D. C., constant refer-
ence is made to the bad effect which
the Jamestown fiasco would have on
the expected appropriation for Seat-
tle. If this be the influence working
against the project, it reflects no
credit on the intelligence of the men
who are unfavorable to a liberal ap-
propriation.

"The conditions and influences
which made a failure of the Jame-
stown Exposition could not by a wide
stretch of the imagination be con-
structed as having anything in com-
mon with those which will govern

the success or failure of the big show
Seattle is preparing.

"If the Seattle Exposition must be
haggled over and cut down because
the Jamestown Exposition was a
failure, why would it not be fair to
pass a liberal appropriation, and pass
it quickly, because the Portland Ex-
position was a grand success? Near-
ly every element that entered into the
success of the Portland exposition
will be in evidence at Seattle.

"The exposition will be a success
because the Portland exposition was
a success. The western stamp of en-
terprise and self-reliance was on the
Portland project, and it will also be
on that of Seattle. It was sadly mis-
sing from the Southern failure. If
the bill is pruned too deeply or should
meet with defeat, it will be largely
the result of ignorance on the part
of the men opposing it.

"The theory that the Almighty
never claimed jurisdiction west of the
Rocky Mountains is still fondly cher-
ished by too many Eastern people,
and the West is not infrequently
forced to suffer by reason of this ig-
norance. It would be most regret-
table if this feeling should prevent
Seattle from receiving the recogni-
tion to which she is entitled. The
value of government recognition in
an enterprise of this nature extends
beyond the mere money appropriat-
ed, for with liberal aid from the gov-
ernment the exposition receives a
prestige of value difficult to estimate
in dollars and cents. Were it not for
this fact, it is hardly probable that
the Seattle Exposition would be very
much loser by the failure of the gov-
ernment to assist.

"Seattle is resourceful, and from a
purely money standpoint could make
up for any government deficiency;
but in view of the manner in which
other similar projects have been aid-
ed, it is hardly fair that she should be
denied some aid. Some of the coun-
ties in the state have already pledged
appropriations aggregating \$250,000,
and the amount pledged by Seattle,
the State of Washington and other
states reached a sum by comparison
with which the amount asked from
the government is quite modest. Be-
cause one mismanaged exposition
was permitted to waste a vast sum
of government money is not a sound

reason why an enterprise whose suc-
cess is a certainty should be denied
a much smaller amount."

REGULATE WIRE COMPANIES.

WASHINGTON, D. C., Feb. 10.—
Regulation of telegraph companies is
next in order, according to the pro-
gram of Senator La Follette and Rep-
resentative Cary of Wisconsin. As a
first step, they have introduced a bill
prohibiting the giving of telegraph
and telephone rates, and fixing re-
quirements for the recording of all
telegraphic messages.

Representatives of the telegrapher's
union who are in Washington urg-
ing the passage of the La Follette-
Cary bill point to the plan of the new
telegraph company, the Telepost, in
proof of their assertion that the old
wire companies are mulcting the pub-
lic of enormous sums annually. The
Telepost's rate is 25 cents for 25
words without regard to distance, and
convincing evidence is produced to
show that a very profitable business
can be done at this rate, using the
Delany rapid automatic system of
sending and receiving.

The attention of Congress is also
drawn to the fact that the Telepost
company has announced that it will
give the exact filing time and time of
receipt at destination on all messages.
This will include "teleposts," sent by
wire and delivered by mail at the rate
of 50 words for 25 cents, as well as
telegrams.

HERINGTON'S TABLETS

ABSOLUTELY CURE

Indigestion, Rheumatism,
Diabetes, Kidney Diseases,
Bladder Troubles, Liver complaints.

A SURE KIDNEY AND LIVER CURE

Have you healthy kidneys? If not, you will soon be attacked with that
terrible Diabetes, Bright's Disease, Gravel, Dropsy or Rheumatism, and your
health and happiness ruined. We have the only treatment that is a sure cure
for the dreaded Bright's Disease, Diabetes, and all other forms of Kidney and
Bladder Troubles. If your kidneys are not healthy, if the bladder is inflamed
and weakened, urine highly colored or cloudy, smarting in passing, pains in
back, nervous, languid, depressed, weakened in body and mind, bowels consti-
pated and digestion bad, write for a box of Herington's Tablets and be cured.

RHEUMATISM is caused by an excess of uric acid in the blood. Ask any
reputable physician, ask your family doctor, and he will tell you that the
Uric Acid must be dissolved and drawn from the system before the disease
yields.

What Causes Rheumatism

Now we say that the only medicine known that will actually dissolve
this Uric Acid and carry it out of the body is Herington's Tablets. Local ap-
plications such as liniments, electricity, massaging, etc., will afford temporary
relief only, and is time wasted to the injury of the patient, unless constitu-
tional treatment is carried on at the same time. Why? Because the maledy
is a disease of the blood, and the blood must be freed of the cause—or no cure
can follow.

WRITE TODAY—Fill in the coupon printed below and send it to us
with 25 cents. We will immediately mail to you a liberal sized box of Hering-
ton's Tablets. If they fail to CURE you we will return your money as will-
ingly as we took it. Our guarantee is, NO CURE, NO PAY.
